EXPERIENCE

APRIL 2017 - PRESENT
INDUSTRIAL DESIGNER
3:ROCK

3:rock is the largest retail design and manufacturing company in Ireland. My role consists of overseeing projects from concepts to installation. Problem solving any issues and communicating them with the clients, Generating production drawings and visuals. Artworking and file prep for print and manufacturing. Additional roles include designing and managing 3:rocks new website and social media platforms

MARCH 2016 - APRIL 2017
EVENTS DESIGNER
THINK DESIGN

Think Design is an events design and production company. My role with Think Design involved overseeing all aspects of design, from communication with clients to generating concepts and visualization. Managing fabrication and artworking for production. Projects have ranged from Exhibitions to Pop Up Shop, Fashion Shows, Award ceremonies and TV Shows.

MARCH 2014 - FEB 2015
INDUSTRIAL DESIGNER
MSI SIGNS

Creation of artwork for print and visualisation of site mock-ups for clients such as Applegreen and Topaz Fuel Stations, Office Spaces for Facebook and Ebay, Food Chains such as McDonalds and Burger King and Supporters Bars for Thomond Park and Aviva Stadium

OCT 2013 - MARCH 2014
UX/UI DESIGNER
WAYRA

Wayra is a digital start-up accelerator. My role consisted of promoting the wayra brand via physical and digital media, alongside Wayra's Video producer. I was also responsible in assisting and teaching start-up companies in the importance of developing a strong brand and how to use UX as a tool to improve their products.
